PE Anti-Human CD147 Antibody[3A3]

Catalog Number: AN00343D

Note: Centrifuge before opening to ensure complete recovery of vial contents.

Description

Reactivity Human Mouse Host

Mouse IgG2a, κ Isotype

Clone No. 3A3

PE Mouse IgG1, κ Isotype Control[MOPC-21] [Product E-AB-F09792D] Isotype Control

Conjugation

Conjugation Information PE is designed to be excited by the Blue (488 nm), Green (532 nm) and Yellow-Green

(561 nm) lasers and detected using an optical filter centered near 575 nm (e.g., a 585/42

nm bandpass filter).

Storage Buffer Phosphate buffered solution, pH 7.2, containing 0.09% stabilizer.

Applications Recommended usage

FCM Each lot of this antibody is quality control tested by flow cytometric analysis. The amount

of the reagent is suggested to be used 5 µL of antibody per test (million cells in 100 μL staining volume or per 100 μL of whole blood). Please check your vial before the experiment. Since applications vary, the appropriate dilutions must be determined for

individual use.

Data

Staining of normal human peripheral blood cells with PE Anti-Human CD147 Antibody[3A3] (filled gray histogram) or PE Mouse IgG2a, κ Isotype Control (empty black histogram). Cells in the lymphocytes gate were used for analysis.

Preparation & Storage

Storage Keep as concentrated solution.

This product can be stored at 2-8°C for 12 months. Please protected from prolonged

exposure to light and do not freeze.

Shipping Ice bag

Antigen Information

Alternate Names Basigin,BSG,5F7,Collagenase stimulatory factor,Extracellular matrix metalloproteinase

inducer,EMMPRIN,Leukocyte activation antigen M6,OK blood group antigen,Tumor cell-

derived collagenase stimulatory factor, TCSF, CD147; AN00343

Background CD147, also known as neurothelin or basigin, is a member of the lg superfamily. It is a

55-65 kD type I transmembrane glycoprotein which is primarily expressed on

leukocytes, erythrocytes, platelets, and endothelial cells. CD147 is reported to have a function during embryonal brain development and/or play a role in integrin-mediated

adhesion in brain endothelia.
