

COL4A3BP Polyclonal Antibody

Catalog Number: E-AB-14885

Note: Centrifuge before opening to ensure complete recovery of vial contents.

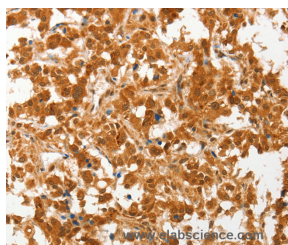

Description

Reactivity	Human, Mouse
Immunogen	Recombinant protein of human COL4A3BP
Host	Rabbit
Isotype	IgG
Purification	Affinity purification
Conjugation	Unconjugated
Formulation	PBS with 0.05% sodium azide and 50% glycerol, PH7.4

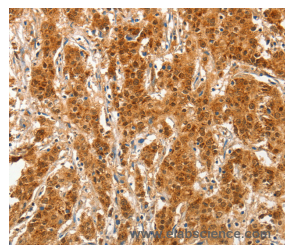

Applications Recommended Dilution

IHC	1:50-1:200
------------	------------

Data

Immunohistochemistry of paraffin-embedded Human thyroid cancer tissue using COL4A3BP Polyclonal Antibody at dilution 1:50

Immunohistochemistry of paraffin-embedded Human gastric cancer tissue using COL4A3BP Polyclonal Antibody at dilution 1:50

Preparation & Storage

Storage Store at -20°C. Avoid freeze / thaw cycles.

Background

This gene encodes a kinase that specifically phosphorylates the N-terminal region of the non-collagenous domain of the alpha 3 chain of type IV collagen, known as the Goodpasture antigen. Goodpasture disease is the result of an autoimmune response directed at this antigen. One isoform of this protein is also involved in ceramide intracellular transport. Three transcript variants encoding different isoforms have been found for this gene.
