

## PHYHD1 Polyclonal Antibody

catalog number: E-AB-61585

**Note:** *Centrifuge before opening to ensure complete recovery of vial contents.*

### Description

|              |                                                                                    |
|--------------|------------------------------------------------------------------------------------|
| Reactivity   | Human;Mouse;Rat                                                                    |
| Immunogen    | Recombinant fusion protein of human PHYHD1 (NP_001094346.1).                       |
| Host         | Rabbit                                                                             |
| Isotype      | Rabbit IgG                                                                         |
| Purification | Affinity purification                                                              |
| Buffer       | Phosphate buffered solution, pH 7.4, containing 0.05% stabilizer and 50% glycerol. |

### Applications

### Recommended Dilution

|    |            |
|----|------------|
| IF | 1:50-1:100 |
|----|------------|

### Data

Immunofluorescence analysis of A-549 cells using  
PHYHD1 Polyclonal Antibody

### Preparation & Storage

|          |                                                                                                          |
|----------|----------------------------------------------------------------------------------------------------------|
| Storage  | Store at -20°C Valid for 12 months. Avoid freeze / thaw cycles.                                          |
| Shipping | The product is shipped with ice pack, upon receipt, store it immediately at the temperature recommended. |

### Background

PHYHD1 (Phytanoyl-CoA Dioxygenase Domain Containing 1) is a Protein Coding gene. Gene Ontology (GO) annotations related to this gene include dioxygenase activity.
