

GNGT2 Polyclonal Antibody

catalog number: E-AB-18073

Note: Centrifuge before opening to ensure complete recovery of vial contents.

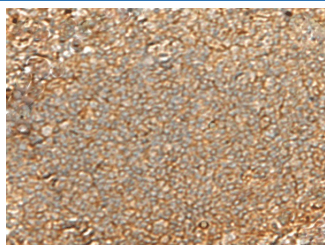

Description

Reactivity	Human;Mouse
Immunogen	Synthetic peptide of human GNGT2
Host	Rabbit
Isotype	IgG
Purification	Antigen affinity purification
Buffer	Phosphate buffered solution, pH 7.4, containing 0.05% stabilizer and 50% glycerol.

Applications Recommended Dilution

IHC	1:50-1:300
------------	------------

Data

Immunohistochemistry of paraffin-embedded Human tonsil tissue using GNGT2 Polyclonal Antibody at dilution of 1:40(×200)

Preparation & Storage

Storage	Store at -20°C Valid for 12 months. Avoid freeze / thaw cycles.
Shipping	The product is shipped with ice pack, upon receipt, store it immediately at the temperature recommended.

Background

Phototransduction in rod and cone photoreceptors is regulated by groups of signaling proteins. The encoded protein is thought to play a crucial role in cone phototransduction. It belongs to the Gprotein gamma family and localized specifically in cones. Several transcript variants encoding the same protein have been found for this gene.
