

# **HSPA1A Polyclonal Antibody**

catalog number: E-AB-70102

Note: Centrifuge before opening to ensure complete recovery of vial contents.

### Description

Reactivity Human; Mouse; Rat

**Immunogen** Recombinant protein corresponding to Mouse HSP70

**Host** Rabbit **Is otype** IgG

Purification Affinity purification

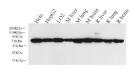

**Buffer** Phosphate buffered solution, pH 7.4, containing 0.05% stabilizer, 1% protein

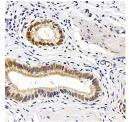

protectant and 50% glycerol.

**Applications Recommended Dilution** 

1:500-1:2000 WB 1:300-1:800 IHC

#### Data

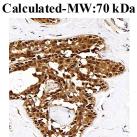

Western Blot analysis of various samples using HSPA1A

Observed-MW:70 kDa

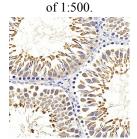

Polyclonal Antibody at dilution of 1:500.

Immunohistochemistry analysis of paraffin-embedded human gallbladder using HSPA1A Polyclonal Antibody at dilution of 1:500.

Immunohistochemistry analysis of paraffin-embedded human Immunohistochemistry analysis of paraffin-embedded mouse breast cancer using HSPA1A Polyclonal Antibody at dilution testis using HSPA1A Polyclonal Antibody at dilution of 1:500.

#### For Research Use Only

Fax: 1-832-243-6017

#### **Elabscience Bionovation Inc.**

A Reliable Research Partner in Life Science and Medicine

Immunohistochemistry analysis of paraffin-embedded rat testis using HSPA1A Polyclonal Antibody at dilution of 1:500.

## Preparation & Storage

Storage Storage Store at -20°C Valid for 12 months. Avoid freeze / thaw cycles.

**Shipping** The product is shipped with ice pack,upon receipt, store it immediately at the

temperature recommended.

## Background

This intronless gene encodes a 70kDa heat shock protein which is a member of the heat shock protein 70 family. In conjuction with other heat shock proteins, this protein stabilizes existing proteins against aggregation and mediates the folding of newly translated proteins in the cytosol and in organelles. It is also involved in the ubiquitin-proteasome pathway through interaction with the AU-rich element RNA-binding protein 1. The gene is located in the major histocompatibility complex class III region, in a cluster with two closely related genes which encode similar proteins.
