

## Recombinant MVP Monoclonal Antibody

catalog number: AN303315L

**Note:** Centrifuge before opening to ensure complete recovery of vial contents.

| Description  |                                 |
|--------------|---------------------------------|
| Reactivity   | Human                           |
| Host         | Rabbit                          |
| Isotype      | Rabbit IgG                      |
| Clone        | C312935                         |
| Purification | Affinity Purification           |
| Buffer       | 0.2 µm filtered solution in PBS |
| Applications | Recommended Dilution            |
| WB           | 1:1000                          |
| IHC-P        | 1:50-1:200                      |
| ICC/IF       | 1:100-1:500                     |
| FCM          | 1:100-1:500                     |

| Data                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                 |
