

A Reliable Research Partner in Life Science and Medicine

Recombinant CD272/BTLA Monoclonal Antibody

catalog number: AN301977L

Note: Centrifuge before opening to ensure complete recovery of vial contents.

Description

Reactivity Human; Mouse

Immunogen Peptide. This information is proprietary to PTMab.

Host Rabbit Isotype lgG, κ Clone A693

Purification Protein Apurified

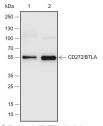

Buffer PBS, 50% glycerol, 0.05% Proclin 300, 0.05% protein protectant.

Applications Recommended Dilution

1:1000-1:3000 WB

1:50 IF

Data

Immunofluorescent analysis of (4% Paraformaldehyde) fixed

Jurkat cells using anti-CD272/BTLA Monoclonal Antibody at

dilution of 1:50.

Western Blot with CD272/BTLA Monoclonal Antibody at dilution of 1:3000. Lane 1: Jurkat, Lane 2: EL4.IL-2

Observed-MW:55 kDa

Calculated-MW:33 kDa

Store at -20°C Valid for 12 months. Avoid freeze / thaw cycles. Storage

Shipping Ice bag

Background

Preparation & Storage

This gene encodes a member of the immunoglobulin superfamily. The encoded protein contains a single immunoglobulin (lg) domain and is a receptor that relays inhibitory signals to suppress the immune response. Alternative splicing results in multiple transcript variants. Polymorphisms in this gene have been associated with an increased risk of rheumatoid arthritis.
