

## MEM Amino Acid Solution, 50 ×

Cat. No.: PB180425

Size: 100mL

## **General Information**

**Product Form** Liquid Concentration 50× рH 0.6 - 1.2

**Dissolvent** Ultrapure water

**Storage** Shipping labscience 12 months **Expiration date** 

## Background

Web: www.pri-cella.com

Amino Acids are the basic unit of protein composition and also an important component of life. According to the cell's own ability to synthesize, amino acids can be divided into three categories: essential amino acids, semi-essential amino acids, and non-essential amino acids. MEM amino acid solution contains methionine, tryptophan, lysine, valine, isoleucine, leucine, phenylalanine, threonine, arginine, histidine, tyrosine, cystine. by Elabsc

## **Notes**

- This product is for research use only. 1.
