

Recombinant REG3A Monoclonal Antibody

catalog number: AN300113P

Note: Centrifuge before opening to ensure complete recovery of vial contents.

Description

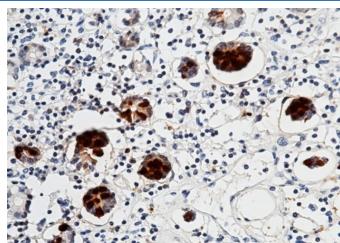

Reactivity	Human
Immunogen	Recombinant Human REG3A protein
Host	Rabbit
Isotype	IgG
Clone	A1227
Purification	Protein A
Buffer	0.2 µm filtered solution in PBS

Applications

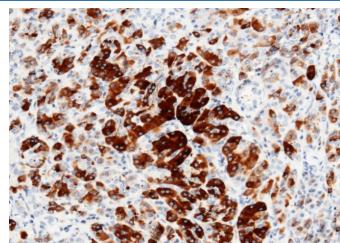

Recommended Dilution

IHC-P	1:100-1:500
-------	-------------

Data

Immunohistochemistry of paraffin-embedded human small paraffin using REG3A Monoclonal Antibody at dilution of 1:200.

Immunohistochemistry of paraffin-embedded human pancreatic carcinoma using REG3A Monoclonal Antibody at dilution of 1:200.

Preparation & Storage

Storage	This antibody can be stored at 2°C-8°C for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20°C to -80°C. Preservative-Free. Avoid repeated freeze-thaw cycles.
Shipping	Ice bag

Background

This gene encodes a pancreatic secretory protein that may be involved in cell proliferation or differentiation. It has similarity to the C-type lectin superfamily. The enhanced expression of this gene is observed during pancreatic inflammation and liver carcinogenesis. The mature protein also functions as an antimicrobial protein with antibacterial activity. Alternate splicing results in multiple transcript variants that encode the same protein.
