Concentration	50 ×
pH	6.5-7.2
Dissolvent	Purified water
Bacterial detection	Negative
Fungal detection	Negative
Mycoplasmal detection	Negative
Endotoxin level	< 3 EU/mL
Storage	-5~-20°C
Shipping	Ice bag
Expiration date	24 months

Background

B-27 neuron supplement is serum-free and suitable for short-term or long-term cultivation of neural stem cells. This product does not contain vitamin A (retinol acetate) and can prevent neural stem cells from differentiating into neurons.

Notes

1. This product is only used for scientific research or further research, not for diagnosis and treatment.
2. This product is sterilized by 0.1 μm filtration.
3. It is necessary to pay attention to the aseptic operation and avoid the pollution.
4. This product will produce turbidity after thawing, which is a normal phenomenon.
5. This product is 50 × concentrated solution and dilute it to the desired concentration before use.
