

Phosphotyrosine Polyclonal Antibody

catalog number: E-AB-40513

Note: Centrifuge before opening to ensure complete recovery of vial contents.

Description

Reactivity	Human
Immunogen	phospho Tyrosine BSA
Host	Rabbit
Isotype	IgG
Purification	Antigen Affinity Purification
Buffer	PBS with 0.05% Proclin300, 1% protective protein and 50% glycerol, pH7.4

Applications Recommended Dilution

WB	1:1000-2000
-----------	-------------

Data

Western blot of anti-Phospho Tyrosine rabbit polyclonal antibody on 293T at dilution of 1:1000.

Preparation & Storage

Storage	Store at -20°C Valid for 12 months. Avoid freeze / thaw cycles.
Shipping	The product is shipped with ice pack, upon receipt, store it immediately at the temperature recommended.

Background

Most phosphorylation occurs on serine and threonine, with less than 1% on tyrosine. Tyrosine phosphorylation is involved in regulating a variety of cellular processes. In particular, protein tyrosine phosphorylation is important for signaling pathways.
