PDCL Polyclonal Antibody

catalog number: E-AB-53133

Note: Centrifuge before opening to ensure complete recovery of vial contents.

| Description | | | |
|---------------------------|---|---|--|
| Reactivity | Human;Mouse;Rat | | |
| Immunogen | Fusion protein of human PDCL | | |
| Host | Rabbit | | |
| Is otype | IgG | | |
| Purification | Antigen affinity purification | | |
| Conjugation | Unconjugated | | |
| buffer | Phosphate buffered solution, pH 7.4, c | Phosphate buffered solution, pH 7.4, containing 0.05% stabilizer and 50% glycerol. | |
| Applications | Recommended Dilution | | |
| IHC | 1:50-1:200 | | |
| Data | | | |
| cancer tissue using PDCL | • | tochemistry of paraffin-embedded Human prost er tissue using PDCL Polyclonal Antibody at dilution of 1:40(×200) | |
| Preparation & Storage | | | |
| Storage | Store at -20°C Valid for 12 months. Avoid freeze / thaw cycles. | | |
| Shipping | The product is shipped with ice pack,u | The product is shipped with ice pack, upon receipt, store it immediately at the | |
| temperature recommended. | | | |
| Background | | | |
| Phosducin-like protein is | s a putative modulator of heterotrimeric G protein | s The protein shares extensive amino acid | |

Phosducin-like protein is a putative modulator of heterotrimeric G proteins. The protein shares extensive amino acid sequence homology with phosducin, a phosphoprotein expressed in retina and pineal gland. Both phosducin-like protein and phosphoducin have been shown to regulate G-protein signaling by binding to the beta-gamma subunits of G proteins.
