# **CAST Polyclonal Antibody**

catalog number: E-AB-14814

Note: Centrifuge before opening to ensure complete recovery of vial contents.

#### **Description**

**Reactivity** Human

Immunogen Recombinant protein of human CAST

Host Rabbit
Isotype IgG

PurificationAffinity purificationConjugationUnconjugated

**Buffer** Phosphate buffered solution, pH 7.4, containing 0.05% stabilizer and 50% glycerol.

## Applications Recommended Dilution

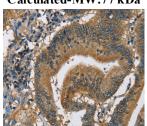

**WB** 1:500-1:2000 **IHC** 1:50-1:200

#### Data

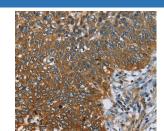

100 259 — 130 — 130 — 130 — 130 — 135 — 135 — 135 — 135 — 135 — 136 — 13

Western Blot analysis of Lovo cell using CAST Polyclonal Antibody at dilution of 1:600

Calculated-MW:77 kDa

Immunohistochemistry of paraffin-embedded Human colon cancer using CAST Polyclonal Antibody at dilution of 1:60

Immunohistochemistry of paraffin-embedded Human cervical cancer using CAST Polyclonal Antibody at dilution of 1:60

## Preparation & Storage

Storage Storage Store at -20°C Valid for 12 months. Avoid freeze / thaw cycles.

**Shipping** The product is shipped with ice pack, upon receipt, store it immediately at the

temperature recommended.

## Background

A Reliable Research Partner in Life Science and Medicine

The protein encoded by this gene is an endogenous calpain (calcium-dependent cysteine protease) inhibitor. It consists of an N-terminal domain L and four repetitive calpain-inhibition domains (domains 1-4), and it is involved in the proteolysis of amyloid precursor protein. The calpain/calpastatin system is involved in numerous membrane fusion events, such as neural vesicle exocytosis and platelet and red-cell aggregation. The encoded protein is also thought to affect the expression levels of genes encoding structural or regulatory proteins. Alternatively spliced transcript variants encoding different isoforms have been described.
