

## Recombinant NEAS Monoclonal Antibody

catalog number: **AN303334L**

**Note:** *Centrifuge before opening to ensure complete recovery of vial contents.*

| Description  |                                 |
|--------------|---------------------------------|
| Reactivity   | Human;Mouse;Rat                 |
| Host         | Rabbit                          |
| Isotype      | Rabbit IgG                      |
| Clone        | C132954                         |
| Purification | Affinity Purification           |
| Buffer       | 0.2 µm filtered solution in PBS |
| Applications | Recommended Dilution            |
| WB           | 1:1000                          |

| Data                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                       |
