

## Anti- West Nile Virus(WNV)(lineage 1, strain NY99) NS1 Polyclonal Antibody

catalog number: E-AB-V1326

**Note:** *Centrifuge before opening to ensure complete recovery of vial contents.*

### Description

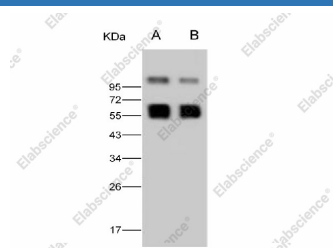

|                     |                                                                |
|---------------------|----------------------------------------------------------------|
| <b>Reactivity</b>   | WNV                                                            |
| <b>Immunogen</b>    | Recombinant WNV (lineage 1, strain NY99) NS1 Protein (His Tag) |
| <b>Host</b>         | Rabbit                                                         |
| <b>Isotype</b>      | Rabbit IgG                                                     |
| <b>Purification</b> | Antigen Affinity                                               |
| <b>Buffer</b>       | 0.2 µm filtered solution in PBS.                               |

### Applications

### Recommended Dilution

|              |                |
|--------------|----------------|
| <b>WB</b>    | 1:1000-1:5000  |
| <b>ELISA</b> | 1:5000-1:10000 |

### Data

Western Blot analysis of Recombinant WNV (lineage 1, strain NY99) NS1 Protein (His Tag)(PKSV030261) with 30ng and 10ng) using Anti-West Nile Virus(WNV)(lineage 1, strain NY99) NS1 Polyclonal Antibody at dilution of 1:2000.

### Preparation & Storage

|                 |                                                                                                          |
|-----------------|----------------------------------------------------------------------------------------------------------|
| <b>Storage</b>  | Store at -20°C Valid for 12 months. Avoid freeze / thaw cycles.                                          |
| <b>Shipping</b> | The product is shipped with ice pack, upon receipt, store it immediately at the temperature recommended. |
