

# TNFAIP8L2 Polyclonal Antibody

Catalog Number:E-AB-64797

**Note:** Centrifuge before opening to ensure complete recovery of vial contents.

## Description

|                     |                                                              |
|---------------------|--------------------------------------------------------------|
| <b>Reactivity</b>   | Human,Mouse,Rat                                              |
| <b>Immunogen</b>    | Recombinant fusion protein of human TNFAIP8L2 (NP_078851.2). |
| <b>Host</b>         | Rabbit                                                       |
| <b>Isotype</b>      | IgG                                                          |
| <b>Purification</b> | Affinity purification                                        |
| <b>Conjugation</b>  | Unconjugated                                                 |
| <b>Formulation</b>  | PBS with 0.02% sodium azide, 50% glycerol, pH7.3.            |

## Applications Recommended Dilution

|           |            |
|-----------|------------|
| <b>IF</b> | 1:50-1:200 |
|-----------|------------|

## Data

Immunofluorescence analysis of C6 cells using TNFAIP8L2 Polyclonal Antibody at dilution of 1:100. Blue: DAPI for nuclear staining.

Immunofluorescence analysis of HeLa cells using TNFAIP8L2 Polyclonal Antibody at dilution of 1:100. Blue: DAPI for nuclear staining.

Immunofluorescence analysis of L929 cells using TNFAIP8L2 Polyclonal Antibody at dilution of 1:100. Blue: DAPI for nuclear staining.

## Preparation & Storage

|                |                                             |
|----------------|---------------------------------------------|
| <b>Storage</b> | Store at -20°C. Avoid freeze / thaw cycles. |
|----------------|---------------------------------------------|

## Background

TNFAIP8L2 (TNF Alpha Induced Protein 8 Like 2) is a Protein Coding gene. Diseases associated with TNFAIP8L2 include Skin Squamous Cell Carcinoma. Among its related pathways are Metabolism and Glycerophospholipid biosynthesis. An important paralog of this gene is TNFAIP8L1.
