

A Reliable Research Partner in Life Science and Medicine

Recombinant Tyrosine Hydroxylase Monoclonal Antibody

catalog number: AN301298L

Note: Centrifuge before opening to ensure complete recovery of vial contents.

Description

Reactivity Human; Mouse; Rat

Immunogen Recombinant Human Tyrosine Hydroxylase protein

HostRabbitIsotype IgG,κ CloneB1061PurificationProtein A

Buffer PBS, 50% glycerol, 0.05% Proclin 300, 0.05% protein protectant.

Applications Recommended Dilution

WB 1:2000-1:10000

Data

Western Blot with Recombinant Tyrosine Hydroxylase Monoclonal Antibody at dilution of 1:1000 dilution. Lane A:

Rat brain whole cell lysate.

Observed-MW:59 kDa Calculated-MW:59 kDa

Preparation & Storage

Storage Storage Store at -20°C Valid for 12 months. Avoid freeze / thaw cycles.

Shipping Ice bag

Background

The protein encoded by this gene is involved in the conversion of tyrosine to dopamine. It is the rate-limiting enzyme in the synthesis of catecholamines, hence plays a key role in the physiology of adrenergic neurons. Mutations in this gene have been associated with autosomal recessive Segawa syndrome. Alternatively spliced transcript variants encoding different isoforms have been noted for this gene.
