Elabscience®

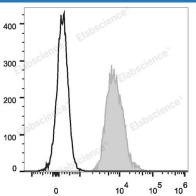

PE Anti-Human CD147 Antibody[HIM6]

Catalog Number: E-AB-F1056D

Note: Centrifuge before opening to ensure complete recovery of vial contents.

Description		
Reactivity	Human	
Host	Mouse	
lsotype	Mouse IgG1, ĸ	
Clone No.	HIM6	
Isotype Control	PE Mouse IgG1, κ Isotype Control[MOPC-21] [Product E-AB-F09792D]	
Conjugation	PE	
Conjugation Information	PE is designed to be excited by the Blue (488 nm), Green (532 nm) and Yellow-Green (561 nm) lasers and detected using an optical filter centered near 575 nm (e.g., a 585/42 nm bandpass filter).	
Storage Buffer	Phosphate buffered solution, pH 7.2, containing 0.09% sodium azide and 1% BSA.	
Applications	Recommended usage	
FCM	Each lot of this antibody is quality control tested by flow cytometric analysis. The amount of the reagent is suggested to be used 5 µL of antibody per test (million cells in 100 µL staining volume or per 100 µL of whole blood). Please check your vial before the experiment. Since applications vary, the appropriate dilutions must be determined for individual use.	

Data

Human peripheral blood lymphocytes are stained with PE Anti-Human CD147 Antibody (filled gray histogram). Unstained lymphocytes (empty black histogram) are used as control.

Preparation & Storage	
Storage	Keep as concentrated solution.
Shipping	This product can be stored at 2-8°C for 12 months. Please protected from prolonged exposure to light and do not freeze. Ice bag
Antigen Information	
Alternate Names	5F7;BSG;Basigin;CD147;Collagenase stimulatory factor;EMMPRIN;Extracellular matrix metalloproteinase inducer;Leukocyte activation antigen M6;OK blood group antigen; TCSF;Tumor cell-derived collagenase stimulatory factor

For Research Use Only

CD147, also known as neurothelin or basigin, is a member of the lg superfamily. It is a 55-65 kD type I transmembrane glycoprotein which is primarily expressed on leukocytes, erythrocytes, platelets, and endothelial cells. CD147 is reported to have a function during embryonal brain development and/or play a role in integrin-mediated adhesion in brain endothelia.
