

## PLLP Polyclonal Antibody

catalog number: E-AB-66601

**Note:** *Centrifuge before opening to ensure complete recovery of vial contents.*

### Description

|                     |                                                                                    |
|---------------------|------------------------------------------------------------------------------------|
| <b>Reactivity</b>   | Mouse;Rat                                                                          |
| <b>Immunogen</b>    | A synthetic peptide of human PLLP (NP_057077.1).                                   |
| <b>Host</b>         | Rabbit                                                                             |
| <b>Isotype</b>      | Rabbit IgG                                                                         |
| <b>Purification</b> | Affinity purification                                                              |
| <b>Buffer</b>       | Phosphate buffered solution, pH 7.4, containing 0.05% stabilizer and 50% glycerol. |

### Applications

### Recommended Dilution

|    |            |
|----|------------|
| IF | 1:50-1:200 |
|----|------------|

### Data

Immunofluorescence analysis of L929 cells using PLLP Polyclonal Antibody at dilution of 1:100. Blue: DAPI for nuclear staining.

### Preparation & Storage

|                 |                                                                                                          |
|-----------------|----------------------------------------------------------------------------------------------------------|
| <b>Storage</b>  | Store at -20°C Valid for 12 months. Avoid freeze / thaw cycles.                                          |
| <b>Shipping</b> | The product is shipped with ice pack, upon receipt, store it immediately at the temperature recommended. |

### Background

PLLP (Plasmolipin) is a Protein Coding gene. Diseases associated with PLLP include Prostate Lymphoma and Bardet-Biedl Syndrome. An important paralog of this gene is CMTM8.

### For Research Use Only
