# Recombinant Human Kallikrein 3/PSA Protein(Fc Tag)

Catalog Number: PDMH100343

Note: Centrifuge before opening to ensure complete recovery of vial contents.

#### **Description**

Species Human

Source Mammalian-derived Human Kallikrein 3/PSA proteins Met1-Pro261, with an C-terminal

Fc

 Calculated MW
 53.6 kDa

 Observed MW
 60 kDa

 Accession
 P07288

**Bio-activity** Not validated for activity

## **Properties**

**Purity** > 90% as determined by reducing SDS-PAGE.

**Endotoxin** < 1.0 EU/mg of the protein as determined by the LAL method

Storage Generally, lyophilized proteins are stable for up to 12 months when stored at -20 to -80

°C. Reconstituted protein solution can be stored at 4-8°C for 2-7 days. Aliquots of

reconstituted samples are stable at < -20°C for 3 months.

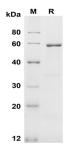

ShippingThis product is provided as lyophilized powder which is shipped with ice packs.FormulationLyophilized from a 0.2 μm filtered solution in PBS with 5% Trehalose and 5%

Mannitol.

**Reconstitution** It is recommended that sterile water be added to the vial to prepare a stock solution of

0.5 mg/mL. Concentration is measured by UV-Vis.

## Data

SDS-PAGE analysis of Human Kallikrein 3/PSA proteins, 2 µg/lane of Recombinant Human Kallikrein 3/PSA proteins was resolved with SDS-PAGE under reducing conditions, showing bands at 60 KD

KLK3 (Kallikrein Related Peptidase 3) is a Protein Coding gene. The gene is one of the fifteen kallikrein subfamily members located in a cluster on chromosome 19. It encodes a single-chain glycoprotein, a protease that is synthesized in the epithelial cells of the prostate gland and is present in seminal plasma. KLK3, also known as Prostate Specific antigen (PSA), kallikrein-related peptidase 3, Gamma-seminoprotein, is a secreted protein of the glandular kallikrein subfamily of serine proteases. KLK3 contains one peptidase S1 domain. KLK3 is a glycoprotein produced almost exclusively by the prostate gland. Growing evidence suggests that many kallikreins are implicated in carcinogenesis and some have potential as novel cancer and other disease biomarkers.
