

## Phosphoserine Monoclonal Antibody

catalog number: E-AB-21334

**Note:** Centrifuge before opening to ensure complete recovery of vial contents.

### Description

|                     |                                                                                                             |
|---------------------|-------------------------------------------------------------------------------------------------------------|
| <b>Reactivity</b>   | All                                                                                                         |
| <b>Immunogen</b>    | Purified Protein                                                                                            |
| <b>Host</b>         | Mouse                                                                                                       |
| <b>Isotype</b>      | Mouse IgG                                                                                                   |
| <b>Clone</b>        | 7A3                                                                                                         |
| <b>Purification</b> | Protein A purification                                                                                      |
| <b>Buffer</b>       | Phosphate buffered solution, pH 7.4, containing 0.05% stabilizer, 0.5% protein protectant and 50% glycerol. |

### Applications

### Recommended Dilution

|            |              |
|------------|--------------|
| <b>WB</b>  | 1:500-1:2000 |
| <b>IHC</b> | 1:100-1:300  |

### Data

Western Blot analysis of 1) Hela, 2) Rat brain, 3) Mouse brain with Phosphoserine Monoclonal Antibody at dilution of 1:2000

Immunohistochemistry of paraffin-embedded Human lung carcinoma tissue with Phosphoserine Monoclonal Antibody at dilution of 1:200

Immunohistochemistry of paraffin-embedded Human breast carcinoma tissue with Phosphoserine Monoclonal Antibody at dilution of 1:200

### Preparation & Storage

|                 |                                                                                                          |
|-----------------|----------------------------------------------------------------------------------------------------------|
| <b>Storage</b>  | Store at -20°C Valid for 12 months. Avoid freeze / thaw cycles.                                          |
| <b>Shipping</b> | The product is shipped with ice pack, upon receipt, store it immediately at the temperature recommended. |
