

## Recombinant YTHDF3 Monoclonal Antibody

catalog number: AN303584L

**Note:** Centrifuge before opening to ensure complete recovery of vial contents.

### Description

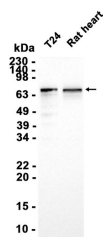

|              |                                 |
|--------------|---------------------------------|
| Reactivity   | Human;Mouse;Rat                 |
| Host         | Rabbit                          |
| Isotype      | IgG                             |
| Clone        | C123204                         |
| Purification | Affinity Purification           |
| Buffer       | 0.2 µm filtered solution in PBS |

### Applications

### Recommended Dilution

|     |             |
|-----|-------------|
| WB  | 1:1000      |
| IHC | 1:100-1:500 |
| FCM | 1:50        |
| IP  | 1:20        |

### Data

Western Blot analysis of T24 cells and Rat heart using YTHDF3 Monoclonal Antibody at dilution of 1:1000.

**Observed-MW:70 kDa**

**Calculated-MW:64 kDa**

### Preparation & Storage

|                 |                                                                                                                                                                                                                                                    |
|-----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Storage</b>  | This antibody can be stored at 2°C-8°C for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20°C to -80°C. Preservative-Free. Avoid repeated freeze-thaw cycles. |
| <b>Shipping</b> | Ice bag                                                                                                                                                                                                                                            |
