

GAGE12I Polyclonal Antibody

Catalog Number:E-AB-16448

Note: Centrifuge before opening to ensure complete recovery of vial contents.

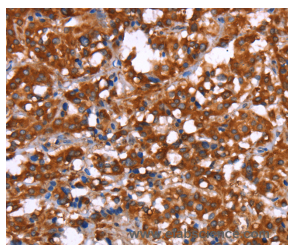

Description

Reactivity	Human
Immunogen	Synthetic peptide of human GAGE12I
Host	Rabbit
Isotype	IgG
Purification	Affinity purification
Conjugation	Unconjugated
Formulation	PBS with 0.05% sodium azide and 50% glycerol, PH7.4

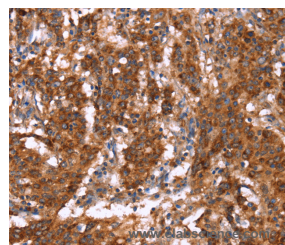

Applications Recommended Dilution

IHC	1:50-1:200
------------	------------

Data

Immunohistochemistry of paraffin-embedded Human thyroid cancer tissue using GAGE12I Polyclonal Antibody at dilution 1:30

Immunohistochemistry of paraffin-embedded Human gastric cancer tissue using GAGE12I Polyclonal Antibody at dilution 1:30

Preparation & Storage

Storage	Store at -20°C. Avoid freeze / thaw cycles.
----------------	---

Background

This gene belongs to a family of genes that are expressed in a variety of tumors but not in normal tissues, except for the testis. The sequences of the family members are highly related but differ by scattered nucleotide substitutions. The antigenic peptide YYWPRPRRY, which is also encoded by several other family members, is recognized by autologous cytolytic T lymphocytes.
